CHRONICALLY THE ILLEST

For you "not so hip"
people that means:
Forever the Coolest

LIVING LIFE WITH CHRONIC ILLNESS BUT
MAKING THE MOST OF IT WITH HUMOR
AND EDUCATION FOR OTHERS :)

"I'm sick
and tired
of being
sick and
tired."

HYPOVOLEMIC POTS

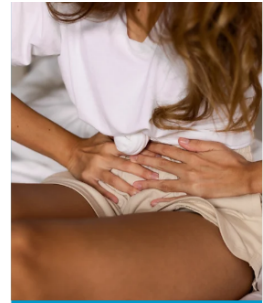

Postural orthostatic tachycardia syndrome (POTS) is a nervous system dysregulation condition.

- Symptoms: fast heart rate, low blood pressure, fainting, nausea, dizziness, and chronic fatigue.
- Fun stuff: I need an increased amount of salt so I get to eat lots of popcorn >:)
- Not fun stuff: One time I randomly fainted in Target and was so embarrassed with everyone looking at me

HYPERMOBILE EHLERS-DANLOS SYNDROME

A rare connective tissue disorder that affects the skin, joints, and blood vessel walls.

- Symptoms: overly flexible joints that can dislocate & fragile skin
- Fun stuff: I am SUPER bendy! For a party trick I love to bend my finger all the way back and freak people out
- Not fun stuff: It has been hard to find a doctor for a rare disorder in Hawaii

FIBROMYALGIA, IBS & ENDOMETRIOSIS

- Fibromyalgia is a chronic pain disorder - I treat this with medical marijuana
- Irritable bowel syndrome (IBS)- repeated pain in my tummy and nausea every day :(
- Endometriosis is a condition where the endometrium cells grow outside the uterus - I have very painful periods and stomach pain / cramping
- Fun stuff: I get to smoke weed every day!
- Not so fun stuff: I have to smoke weed everyday - to function like a normal person, and it is incredibly exhausting
